Abstracts

In 2021 and 2022, pandemic-related travel restrictions controlled the travel industry's performance, and the removal of these restrictions led to robust sales growth. China's decision in January 2023 to remove all remaining restrictions on international travel was a watershed moment that marked the end of major travel restrictions related to the COVID-19 pandemic. 2023 has therefore marked a shift for the US travel industry, from recovery to looking ahead at its post-pandemic future. While some...

Euromonitor International's Travel in USA report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Booking, In-Destination Spending, Lodging (Destination), Tourism Flows, Travel Modes.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Travel market;

Pinpoint growth sectors and identify factors driving change;
