## Abstracts

The travel industry is expected to record healthy growth over the 2014-2019 period, driven by a steady rise in tourist flows, with Asia Pacific countries predicted to generate especially strong performances. The online travel category is currently experiencing rapid change with mobile channel, personalisation and peer-to-peer travel services being the main disruptors. In particular the rise of the mobile channel is changing booking patterns, consumer behaviour and business models in travel.

Euromonitor International's Travel Industry and Online Travel Global Overview global briefing offers an insight into to the size and shape of the Travel market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market from innovation, pricing, channel distribution to economic/lifestyle influences. Forecasts illustrate how the market is set to change and outlines the criteria for success.

**Product coverage:** Activities, Booking, Flows, Lodging, Travel Modes, Traveller Profiles.
