Abstracts

Travel retail recorded remarkable results in 2013. Travel services in both online and offline channels continued to grow satisfactorily. This was amid the sustained surge of inbound travel from mainland and strong appetite from local residents in outbound travel. The growing level of disposable incomes of the middle class increased outbound travel demand. Evolving travel patterns of affordable and experience-seeking travel spurred changing lifestyles of many local consumers.

Euromonitor International's Travel Retail in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2010-2014, allowing you to identify the sectors driving growth.
