Abstracts

During 2013, travel retail in Morocco increased by 2% in offline current value sales and by 16% in online current value sales. The category is highly fragmented and the many strong players in the category are gradually expanding their online presence by investing in partnerships with leading travel and tourism search engines and travel retail websites. Social media platforms are also being used intensively and extensively to promote travel retailers and their various different offers.

Euromonitor International's Travel Retail in Morocco report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2009-2013, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2018 illustrate how the market is set to change.

Product coverage: Travel Retail Sales by Category, Travel Retail Sales by Channel, Travel Retail Sales by Corporate Business vs Leisure.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
