## Abstracts

Sales in the travel goods sector were negatively affected by the recession. As well, the Euro/Dollar exchange rates penalised sales to foreign markets. Over the last two years, value sales in the domestic market experienced declines due, in part, to Italian consumers buying less expensive alternatives.

Euromonitor International's Travel Goods in Italy report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2005-2009), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2014 illustrate how the market is set to change.

**Product coverage:** Backpacks, Brief/Computer Cases, Flat Goods, Handbags, Luggage, Travel/Sports Bags

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
