## Abstracts

Travel and tourism has been held back by a failure to invest in basic infrastructure projects, particularly the road network, which has left much of the country inaccessible to tourists, but also in new hotels and sites of tourist interest, such as safari parks and shopping facilities. There are signs that the government is now willing to invest more money with a view to developing the industry, and it is actively encouraging foreign private investment in the country.

Euromonitor International's Travel and Tourism in Botswana report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2008-2012, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2017 illustrate how the market is set to change.

**Product coverage:** Car Rental, Demand Factors, Health and Wellness Tourism, Tourism Flows Domestic, Tourism Flows Inbound, Tourism Flows Outbound, Tourism Receipts and Expenditure, Tourist Attractions, Transportation, Travel Accommodation, Travel Retail.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
