## Abstracts

Kyiv is anticipated to lead in terms of economic development and remain the largest consumer market through to 2025, driven by its large population and high household income levels. The local authorities are increasingly focusing on improving the investment environment in Ukrainian cities in order to boost their attractiveness as manufacturing, logistics and IT hubs.

Euromonitor International's City Review reports analyse key trends and developments in 126 world's major cities. They provide localised city information in terms of economy, consumer lifestyles, housing and transport and city environment and offer valuable insights for strategic planning.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
