Abstracts

Delivery is the fastest growing opportunity in foodservice and the delivery landscape is changing rapidly. The stakes are high and investment is pouring in to build out a new digital infrastructure in which new players and new models are able to better position themselves towards a delivery-orientated future. This report navigates today's modern global delivery landscape, highlights who is winning, and discusses the implications of a future in which delivery is more important than ever.

..

Euromonitor International's Understanding Global Restaurant Delivery global briefing offers an insight into to the size and shape of the Consumer Foodservice market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading operators and brands, offers strategic analysis of key factors influencing the operating environment - be they economic/lifestyle influences, new foodservice concepts, outlet locations, menu innovation or format development. The entire industry is considered, including both chained and independent operators. Forecasts illustrate how the market is set to change and what is the criteria for success.
