## Abstracts

Vapour products have been present in Bulgaria since 2011, when the initial smoking ban was introduced. While individual imports may have been present before, it was the smoking bans of 2011 and 2013 which truly kick started the popularisation of this product by independent importers.

Euromonitor International's Vapour Devices in Bulgaria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2010-2014, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be the new legislative, distribution or pricing issues. Forecasts to 2019 illustrate how the market is set to change.
