Abstracts

The retail current value sales of variety stores declined for the first time in almost a decade during 2020 as lockdown measures led many stores to close for an extended period. Given that part of the allure of variety stores is the in-store experience, few sales transferred online. However, COVID-19 has created new opportunities in the form of new product offerings. For example, many variety stores started selling face masks, face shields, hand sanitisers, alcohol sprays, or a COVID-19 mini kit...

Euromonitor International's Variety Stores in Egypt report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
