Abstracts

Vending saw good growth again in 2023, when Austria finally put the COVID-19 pandemic largely behind it and public life and consumer mobility finally returned to normal. During the pandemic and temporarily closed stores, there has been a lot of experimentation in vending and the variety of products on offer has increased since then, including the establishment of the new concept of "vending stores". On the other hand, the negative after-effects of the pandemic were still being felt in vending in...
