Abstracts

The retail volume declines recorded by vitamins in 2022, for both multivitamins and single vitamins, are noticeably slowing in 2023. In 2021, the category's dynamics shifted as the pandemic continued to drive demand for vitamins due to heightened awareness among consumers regarding the importance of maintaining a strong and robust immune system. Consequently, vitamins continued to record strong demand as consumers sought to bolster their health defences in the face of the pandemic. However, as 2...
