Abstracts

Demand for vitamins continued to increase in the Philippines during 2023 as the use of these products to supplement the diets of local consumers became increasingly commonplace. While malnutrition is uncommon in the Philippines, many local people are still acutely aware that their nutritional intake may be suboptimal and that supplementation with vitamins is potentially a good idea. These issues were brought into sharp focus by the COVID-19 pandemic, which saw a spike in sales of vitamin C among...

Euromonitor International's Vitamins in Philippines report offers a comprehensive guide to the size and shape of the market at a national level.
