Abstracts

The vitamins category saw a significant decrease in volume sales of both single vitamins and multivitamins in 2022, which is set to continue in 2023. According to trade interviews, in the first quarter of 2023 volumes declined by 30% compared with the same period of the previous year. They started to drop significantly in the fourth quarter of 2022 and experienced a particularly marked decline in the first quarter of 2023. The fall in sales can be attributed to the waning of the threat from COVI...
