Abstracts

2023 witnessed remarkable growth for vitamins in current value terms, continuing the trend of the previous year. Persistent concerns surrounding COVID-19 and other respiratory illnesses, coupled with ongoing health concerns, sustained a robust demand for immune-boosting products. The most dynamic growth continued to be seen in vitamin C and multivitamins, thanks to the wealth of articles and research studies highlighting the benefits of such products, particularly their ability to enhance immuni...

Euromonitor International's Vitamins in Thailand report offers a comprehensive guide to the size and shape of the market at a national level.
