Abstracts

Tunisia is currently experiencing a shortage of vitamin A due to the fact that the main products that are distributed in the country are imported by the Central Pharmacy, but these are in short supply. This shortage has created challenges in meeting the demand for vitamin A among Tunisian consumers. However, local manufacturers have taken steps to try and address this issue by launching alternative vitamin A products. One such example is the vitamin A supplement introduced by Vital, a local comp...

Euromonitor International's Vitamins in Tunisia report offers a comprehensive guide to the size and shape of the market at a national level.
