## Abstracts

Although multivitamins is set to maintain growth and remain the largest category within vitamins in current value terms in 2023, the trend towards personalisation in healthcare is also leading to an increase in sales of single vitamins. As individuals become more health-conscious, they are seeking specific nutrients to address their unique needs. Single vitamins allow for targeted supplementation, tailored to address specific deficiencies or achieve health goals. Moreover, consumers are now bett...

Euromonitor International's Vitamins in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
