Abstracts

Voice commerce changes the way we interact with machines as they become more human and speak our language. This has the potential to close the gap between online and offline shopping by merging the two more seamlessly and goes way beyond selling products online, it offers brands the opportunity to give themselves a voice and personality and appear whenever it is relevant to the consumer, either at home or on the go.

Euromonitor International's Voice Commerce: Turning an Industry Upside Down global briefing offers an insight into to the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within home care, analyses leading companies and brands and offers strategic analysis of major factors influencing the market - be they new product developments, packaging/ format /ingredients innovations, economic/lifestyle/environmental influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Air Care, Bleach, Dishwashing, Home Insecticides, Laundry Care, Polishes, Surface Care, Toilet Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
