## Abstracts

The increasing diversity of new devices that are competing with traditional watches, such as smartwatches and even smartphones, has led some manufacturers of watches to start doubting about the potential of these products. For this reason, in recent years large groups of traditional manufacturers of watches such as Technos have started to invest in new categories, such as eyewear, jewellery and accessories. Nevertheless, time has shown that smartwatches are still not as popular as the industry t...

Euromonitor International's Watches in Brazil report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2016-2020), allowing you to identify the sectors driving growth.
