Abstracts

Most watch retailers experienced positive sales growth between October 2020 and March 2021 and some even saw growth in their quarterly revenues when compared to 2019 during this period. This was largely triggered by the backlog of weddings created by the COVID-19 pandemic, which resulted in postponement of weddings during the earlier part of 2020. As the number of weddings grew, limitations in terms of guest numbers remained due to the COVID-19 government protocol that restricted large public ga...
