Abstracts

After seeing strong pandemic driven growth in 2021 and 2022, wearable electronics continues to see strong growth momentum in 2023 in retail volume terms. This dynamism stems from growing awareness of the importance of maintaining a healthy and active lifestyle, with these products enabling consumers to track their activities and achieve their fitness goals. Many consumers are aspiring to become fitter and to lead longer and healthier lives and as such are showing a willingness to investing in we...
