Abstracts

Weight management registered a recovery in 2015 as the category returned to growth in the year. Although current value sales growth was rather marginal at 1% in 2015 this represented a significant improvement on the review period average, when weight management recorded an average value sales decline of 1% per year. This improvement was attributable mainly to the growing spending of Czechs due to the better economic situation and consumer mood. Although the Czech economy exited the recession in...

Euromonitor International's Weight Management in Czech Republic report offers a comprehensive guide to the size and shape of the market at a national level.
