Abstracts

Weight management and wellbeing is seeing steady growth in current value terms in 2023. Sales have benefited from the weather which was unusually warm and dry during the early months of the year. Belgians usually look to weight management and wellbeing products from spring, as they look to get into shape before their summer holiday, and/or for the warmer months when they generally wear fewer items of clothing. In addition, many consumers started planning again for beach holidays in Southern Euro...

Euromonitor International's Weight Management and Wellbeing in Belgium report offers a comprehensive guide to the size and shape of the market at a national level.
