Abstracts

Weight management and wellbeing sales are set to rise in 2023, led in part by rising unit prices. Strong retail sales growth has been observed in meal replacement, slimming teas, and weight loss supplements, while supplement nutrition drinks has seen weaker sales growth due to higher prices deterring consumers and more limited availability associated with the sourcing of proteins and other constituents used in these products.

Euromonitor International's Weight Management and Wellbeing in Guatemala report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
