Abstracts

Weight management and wellbeing continued to record healthy growth in both volume and constant value terms in 2023. This was led by supplement nutrition drinks, continuing the pattern seen over the review period. Consumers are becoming increasingly educated on the importance of a balanced nutrition, not only to support the ageing process, or to prevent illness, but also as part of their normal daily lives. While many Malaysians sought to meet their nutritional needs through a healthy and balance...

Euromonitor International's Weight Management and Wellbeing in Malaysia report offers a comprehensive guide to the size and shape of the market at a national level.
