## Abstracts

Over the review period, both offline and e-commerce retail channels witnessed notable growth in response to increased demand for hot beverages prompted by the pandemic. This surge in demand had a significant impact on hot beverage trends across various retail channels. While modern food retailers continue to hold a dominant position in sales, e-commerce is gaining market penetration. This report explores the state of play of the global hot drinks distribution environment.

Euromonitor International's Where Consumers Shop for Hot Drinks global briefing offers an insight into the size and shape of the Hot Drinks market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success. The analysis can focus on both retail and foodservice.
