Abstracts

Euromonitor International's Analytics Models take data insights to the next level, unlocking faster insight capabilities, while complementing our statistics and analysis. Economies Analytics empower business strategy enabling analysis of "what if" macro shock scenarios, such as Brexit. Understand changes in commodity prices and forecasts, a key input cost for many industries, and use our Monthly and Quarterly dashboard to evaluate the economic health of a country and any early warning signs.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Product coverage:

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
