Abstracts

Today businesses are facing increasing pressure to take a positive and active role in protecting people and the planet. As a result, companies are embracing sustainability to protect brand reputation, comply with legislation and build back better after the Coronavirus pandemic. This report identifies eight key sustainability themes, including climate change, water risks and commodity price volatility, that are expected to gain increasing attention.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
