Abstracts

Women’s underwear, nightwear and swimwear was among the best performing categories in Canada in 2010, with growth of close to 5% in current value terms and 3% in unit volume over 2009. This represents an improvement compared to the marginal decline in value and volume registered the previous year, during the recession. However, even during the recession sales did not dip as much as some other items of apparel and recovered in 2010 much faster than most in both volume and value. Total retail...
