Abstracts

Womenswear in Argentina has long been dominated by domestic companies, with international players having a relatively limited presence in the category. Despite the most severe cost-of-living crisis in a generation, premium domestic brands that primarily target more affluent demographics but have a strong aspirational appeal among all income groups have continued to perform impressively in 2023. This is partly explained by the fact that while challenging economic conditions may be leading women t...

Euromonitor International's Womenswear in Argentina report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022 and analysis by distribution format allowing you to identify the sectors driving growth.
