Abstracts

The global health and wellness market continues to outpace standard foods and beverages. Multinationals follow the UN's sustainable development goals and link their business strategies towards the provision of healthy and nutritious food and this is reflected in the reformulation of specific brands and acquisitive activity. Regulatory challenges such as labelling of probiotic products remain an issue in some markets despite the growth potential.

Euromonitor International's World Health and Wellness Company Strategies Part I: Commitments global briefing offers an insight into to the size and shape of the health and wellness marketplace, highlights buzz topics, emerging trends, categories and geographies as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing wellbeing market - be they new product developments, packaging and ingredients innovations, introduction of new regulatory schemes, economic/lifestyle influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Focus Categories by Key Functional Ingredients, Health and Wellness by Category, Health and Wellness by Prime Positioning and Focus Categories by Key Functional Ingredients, Health and Wellness by Type, Health Wellness by Prime Positioning.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
