Abstracts

Travel transportation globally has been boosted by increasing tourism flows, which are expected to continue to drive demand for transportation services. Infrastructure investments, technological advances and new safety improvements are all contributing to the appeal of the different travel modes. The airlines category is, however, reaping the most benefit, with strong performances in Asia Pacific and Western Europe.

Euromonitor International's World Overview for Travel Transportation global briefing offers an insight into to the size and shape of the Travel market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market from innovation, pricing, channel distribution to economic/lifestyle influences. Forecasts illustrate how the market is set to change and outlines the criteria for success.

Product coverage: Activities (Destination), Lodging, Online Travel Sales and Intermediaries, Tourism Flows, Travel Modes, Traveller Profiles.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
