Abstracts

The yoghurt and sour milk products category has shown healthy growth even within the tough economic situation and the slower growth of consumption as a result of the high rate of inflation. The category's strong performance has mainly been due to its established role in the diets of many consumers, which has supported sales as more budget conscious consumers have stripped back spending on groceries and focused on essentials.

Euromonitor International's Yoghurt and Sour Milk Products in Saudi Arabia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in directly informs our forecasts to 2027, clearly indicating how the market is expected to change.
