Abstracts

In 2023, yoghurt and sour milk products is set to see growth in current value terms, mainly due to price increases across the entire dairy industry. The continued popularity of plain yoghurt, especially since the COVID-19 pandemic, is expected to contribute to this growth. While current value sales are still set to increase in drinking yoghurt, despite a decrease in volume sales, flavoured yoghurt in a spoonable format is expected to experience significant drops in both retail volume and current...
