## **PRODUCT OVERVIEW**

*Healthcare Information Exchange Market Size, Share, and Analysis, By Setup Type (Private, Public), By Implemen...*

Healthcare Information Exchange Market size was USD 1.23 billion in 2021 and is projected to grow from USD 1.5 billion in 2023 to USD 3.8 billion by 2032, exhibiting a CAGR of 10.8% during the forecast period.

Healthcare Information Exchange refers to the electronic communication of healthcare-associated data between healthcare facilities, organizations that manage and regulate the exchange of this data, and government authorities. It enables appropriate electronic access and safe sharing of a patient's critical medical data. To increase the cost, quality, safety, and efficiency of patient care, HIE encourages proper and secure access and recovery of a patient's health information.

## MARKET HIGHLIGHTS

Healthcare Information Exchange market is expected to reach USD 3.8 billion, growing at a CAGR of 10.8% during the forecast period owing to the growing need to curb increasing healthcare costs, the emphasis on patient-centric care delivery, and increasing support for most HCIT and EMR/EHR solutions. Moreover, rising government initiatives and investing in healthcare interoperability will improve patient care and safety. These factors are anticipated to accelerate the growth of the Healthcare Information Exchange Market over the estimated period.

Reasons to Purchase this Report

Qualitative and quantitative analysis of the market based on segmentation involving both economic as well as non-economic factors

Provision of market value (USD Billion) data for each segment and sub-segment

Indicates the region and segment that is expected to witness the fastest growth as well as to dominate the market

Analysis by geography highlighting the consumption of the product/service in the region as well as indicating the factors that are affecting the market within each region

Competitive landscape which incorporates the market ranking of the major players, along with new service/product launches, partnerships, business expansions, and acquisitions in the past five years of companies profiled

Extensive company profiles comprising of company overview, company insights, product benchmarking, and SWOT analysis for the major market players

The current as well as the future market outlook of the industry with respect to recent developments which involve growth opportunities and drivers as well as challenges and restraints of both emerging as well as developed regions

Includes in-depth analysis of the market of various perspectives through Porter's five forces analysis

Provides insight into the market through Value Chain

Market dynamics scenario, along with growth opportunities of the market in the years to come

3-month post-sales analyst support.
