Abstracts

Air fresheners are pervasive within indoor built environments, such as workplaces, schools, housing, transportation, hotels, hospitals, care facilities, and a range of private and public buildings. These products are designed to impart an aroma to the air environment or to mask odors, with the intent of creating a pleasing indoor space. According to latest analysis by Gen Consulting Company, the air freshener market in UK is poised to grow by USD 9 million during 2022-2028, progressing at a CAGR of 0.2% during the forecast period. Rising demand for air care and increase in concerns over indoor air quality have led to a high demand for air fresheners worldwide. The demand is further fueled by the rapid growth in car sales, surge in number of pet ownerships, and increase in consumers' willingness to use premium air fresheners.

This industry report offers market estimates of the UK market, followed by a detailed analysis of the product type.
