## Abstracts

Air fresheners are pervasive within indoor built environments, such as workplaces, schools, housing, transportation, hotels, hospitals, care facilities, and a range of private and public buildings. These products are designed to impart an aroma to the air environment or to mask odors, with the intent of creating a pleasing indoor space. The air freshener market in Vietnam market is projected to rise by USD 5 million by 2028, according to a new report by Gen Consulting Company. It is anticipated to expand at a CAGR of 3.7 percent during the forecast period. Rising demand for air care and increase in concerns over indoor air quality have led to a high demand for air fresheners worldwide. The demand is further fueled by the rapid growth in car sales, surge in number of pet ownerships, and increase in consumers' willingness to use premium air fresheners.
