Abstracts

Antimicrobial coatings are an application of invisible covering which contains antimicrobial agents like silver nanoparticles or biocides. They are designed to prevent the growth or spread of pathogens or disease-causing microorganisms, including bacteria, fungi, moulds, and yeasts, for a long period. The antimicrobial coating market in Asia Pacific was estimated at USD 814 million in 2021 and is expected to hit USD 1,711 million by 2028, registering a CAGR of 11.2% from 2022 to 2028 as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into antimicrobial coating market in Asia Pacific. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the antimicrobial coating industry.

This industry report offers market estimates and forecasts of the Asia Pacific market, followed by a detailed analysis of the product, application, and country. The Asia Pacific market for antimicrobial coating can be segmented by product: silver-based coating, copper-based coating, titanium dioxide based coating, others. The silver-based coating segment held the largest revenue share in 2021. Antimicrobial coating market is further segmented by application: medical, food & beverages, building & construction, fabric treatments, transportation, others. Among these, the medical segment was accounted for the highest revenue generator in 2021. Based on country, the antimicrobial coating market is segmented into: China, South Korea, Japan, India, Australia and New Zealand, Rest of Asia-Pacific.

By product:

silver-based coating

copper-based coating

titanium dioxide based coating

others

By application:

medical

food & beverages

building & construction

fabric treatments

transportation

others

By country:

China

South Korea

Japan

India

Australia and New Zealand

Rest of Asia-Pacific

The market research report covers the analysis of key stake holders of the antimicrobial coating market in Asia Pacific. Some of the leading players profiled in the report include AcryMed Incorporated, Akzo Nobel N.V., BASF SE, DuPont de Nemours Inc., Medline Industries, Inc., PPG Industries, Inc., RPM International Inc, Sherwin-Williams Company, Smith & Nephew plc, SurModics, Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the antimicrobial coating market in Asia Pacific.

To classify and forecast the antimicrobial coating market in Asia Pacific based on product, application, country.

To identify drivers and challenges for the antimicrobial coating market in Asia Pacific.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the antimicrobial coating market in Asia Pacific.

To identify and analyze the profile of leading players operating in the antimicrobial coating market in Asia Pacific.

Why Choose This Report

Gain a reliable outlook of the antimicrobial coating market in Asia Pacific forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Silver-based coating
Copper-based coating
Titanium dioxide based coating
Others

PART 6. MARKET BREAKDOWN BY APPLICATION

Medical
Food & beverages
Building & construction
Fabric treatments
Transportation
Others

PART 7. MARKET BREAKDOWN BY COUNTRY

China
South Korea
Japan
India
Australia and New Zealand
Rest of Asia-Pacific

PART 8. KEY COMPANIES

AcryMed Incorporated
Akzo Nobel N.V.
BASF SE
DuPont de Nemours Inc.
Medline Industries, Inc.
PPG Industries, Inc.
RPM International Inc
Sherwin-Williams Company
Smith & Nephew plc
SurModics, Inc.
