## Abstracts

Piperonal, also known as heliotropin, is an organic compound which is commonly found in fragrances and flavors. Natural piperonal is obtained from Sassafras oil which is extracted from the roots of the Sassafras tree, a species of deciduous trees in the family Lauraceae. Piperonal can also be prepared by oxidizing isosafrole or by using a multistep sequence from catechol or 1,2-methylenedioxybenzene.

The report covers forecast and analysis for the piperonal market on a global and regional level. The study provides historic data of 2012-2016 along with a forecast from 2017 to 2022 based on both volumes and revenue. The study includes drivers and restraints for the piperonal market along with the impact they have on the demand over the forecast period. Additionally, the report includes the study of opportunities available in the piperonal market on a global level.
