This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the application, end user, and region. The global market for activated alumina can be segmented by application: catalyst, desiccant, fluoride adsorbent, bio ceramics, others. The fluoride adsorbent segment captured the largest share of the market in 2021. Activated alumina market is further segmented by end user: water treatment, oil & gas, plastic, medical, others. The water treatment segment held the largest share of the global activated alumina market in 2021 and is anticipated to hold its share during the forecast period. Based on region, the activated alumina market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. In 2021, Asia-Pacific made up the largest share of revenue generated by the activated alumina market.

Market Segmentation

By application: catalyst, desiccant, fluoride adsorbent, bio ceramics, others

By end user: water treatment, oil & gas, plastic, medical, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global activated alumina market report offers detailed information on several market vendors, including BASF SE, Axens S.A., Honeywell International Inc., Porocel Corporation, Sumitomo Chemical Co., Ltd., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global activated alumina market.

To classify and forecast the global activated alumina market based on application, end user, region.

To identify drivers and challenges for the global activated alumina market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global activated alumina market.

To identify and analyze the profile of leading players operating in the global activated alumina market.

Why Choose This Report

Gain a reliable outlook of the global activated alumina market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.
