Abstracts

The global aerospace coatings market is likely to register a CAGR of over 3.6% with an incremental growth of USD 157.0 million during the forecast period 2022-2028.

This industry report offers market estimates of the global market, followed by a detailed analysis of the resin type, technology, application, aviation type, end user, and region. The global market data on aerospace coatings can be segmented by resin type: polyurethane, epoxy, acrylic, other. The epoxy segment held the largest revenue share in 2021. Aerospace coatings market is further segmented by technology: water-borne, solvent-borne, others. Among these, the solvent-borne segment was accounted for the highest revenue generator in 2021. Based on application, the aerospace coatings market is segmented into: exterior, interior, structural. On the basis of aviation type, the aerospace coatings market also can be divided into: commercial aviation, military aviation, general aviation. According to the research, the commercial aviation segment had the largest share in the global aerospace coatings market. Aerospace coatings market by end user is categorized into: original equipment manufacturer (OEM), maintenance repair and operations (MRO). The aerospace coatings market by region can be segmented into: North America, Europe, Asia-Pacific, Rest of the World (RoW).

The global aerospace coatings market is highly competitive. The competitive landscape of the industry has also been examined along with the profiles of the key players AkzoNobel N.V., Axalta Coating Systems Ltd., BASF SE, Cardinal Paint and Powder Inc., H.S.H. Aerospace Finishes NV, Henkel AG & Co. KGaA, Hentzen Coatings Inc., IHI Ionbond AG, Mankiewicz Gebr. & Co. (GmbH & Co. KG), PPG Industries Inc., The Sherwin-Williams Company.

The data-centric report focuses on market trends, status and outlook for segments. With

comprehensive market assessment across the major geographies, the report is a valuable asset for the existing players, new entrants and the future investors.

Why buy this report?

Get a detailed picture of the Global Aerospace Coatings Market

Identify segments/areas to invest in over the forecast period in the Global Aerospace Coatings Market

Understand the competitive environment, the market's leading players

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.
