Abstracts

The global AI in logistics market size is projected to grow by USD 71.4 billion from 2023 to 2029, registering a CAGR of 41.2 percent, according to the latest market data.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global AI in logistics market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technology, application, end user, and region. The global market for AI in logistics can be segmented by technology: computer vision, context awareness computing, machine learning, warehouse management. The machine learning segment was the largest contributor to the global AI in logistics market in 2022. AI in logistics market is further segmented by application: self-driving vehicles and forklifts, planning and forecasting, machine and human collaboration, automation of ordering and processing, others. According to the research, the self-driving vehicles and forklifts segment had the largest share in the global AI in logistics market. Based on end user, the AI in logistics market is segmented into: automotive, food and beverages, healthcare, industrial, retail, others. The retail segment held the largest revenue share in 2022. On the basis of region, the AI in logistics market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Globally, North America made up the largest share of the AI in logistics market.

Market Segmentation

By technology: computer vision, context awareness computing, machine learning, warehouse management

By application: self-driving vehicles and forklifts, planning and forecasting, machine and human collaboration, automation of ordering and processing, others

By end user: automotive, food and beverages, healthcare, industrial, retail, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report explores the recent developments and profiles of key vendors in the Global AI in Logistics Market, including Alphabet Inc., Amazon.com, Inc., IBM Corporation, Intel Corporation, Microsoft Corporation, NVIDIA Corporation, Oracle Corporation, Yojee Limited, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global AI in logistics market.

To classify and forecast the global AI in logistics market based on technology, application, end user, region.

To identify drivers and challenges for the global AI in logistics market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global AI in logistics market.

To identify and analyze the profile of leading players operating in the global AI in logistics market.

Why Choose This Report

Gain a reliable outlook of the global AI in logistics market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restrains

PART 5. MARKET BREAKDOWN BY TECHNOLOGY

Computer vision
Context awareness computing
Machine learning
Warehouse management

PART 6. MARKET BREAKDOWN BY APPLICATION

Self-driving vehicles and forklifts
Planning and forecasting
Machine and human collaboration
Automation of ordering and processing
Others

PART 7. MARKET BREAKDOWN BY END USER

Automotive

Food and beverages
Healthcare
Industrial
Retail
Others

PART 8. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 9. KEY COMPANIES

Alphabet Inc.
Amazon.com, Inc.
IBM Corporation
Intel Corporation
Microsoft Corporation
NVIDIA Corporation
Oracle Corporation
Yojee Limited
