Abstracts

The global aircraft digital cockpit market size is projected to grow by USD 0.6 billion from 2023 to 2029, registering a CAGR of 4.4 percent, according to the latest market data.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global aircraft digital cockpit market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the aircraft type, display type, display size, and region. The global market for aircraft digital cockpit can be segmented by aircraft type: commercial aircraft, military aircraft. According to the research, the commercial aircraft segment had the largest share in the global aircraft digital cockpit market. Aircraft digital cockpit market is further segmented by display type: engine-indicating and crew-alerting system (EICAS) display, multi-function display, primary flight display (PFD), others. In 2022, the multi-function display segment made up the largest share of revenue generated by the aircraft digital cockpit market. Based on display size, the aircraft digital cockpit market is segmented into: less than 5 inches, 5-10 inches, greater than 10 inches. Among these, the 5-10 inches segment was accounted for the highest revenue generator in 2022. On the basis of region, the aircraft digital cockpit market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America captured the largest share of the market in 2022.

Market Segmentation

By aircraft type: commercial aircraft, military aircraft

By display type: engine-indicating and crew-alerting system (EICAS) display, multi-function display, primary flight display (PFD), others

By display size: less than 5 inches, 5-10 inches, greater than 10 inches

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report explores the recent developments and profiles of key vendors in the Global Aircraft Digital Cockpit Market, including Astronautics Corporation of America, Barco NV, Elbit Systems Ltd., Esterline Technologies Corporation, Garmin Ltd., Honeywell International Inc., Leonardo S.p.A., Raytheon Technologies Corporation, Safran SA, Thales S.A., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global aircraft digital cockpit market.

To classify and forecast the global aircraft digital cockpit market based on aircraft type, display type, display size, region.

To identify drivers and challenges for the global aircraft digital cockpit market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global aircraft digital cockpit market.

To identify and analyze the profile of leading players operating in the global aircraft digital cockpit market.

Why Choose This Report

Gain a reliable outlook of the global aircraft digital cockpit market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY AIRCRAFT TYPE

Commercial aircraft
Military aircraft

PART 6. MARKET BREAKDOWN BY DISPLAY TYPE

Engine-indicating and crew-alerting system (EICAS) display
Multi-function display
Primary flight display (PFD)
Others

PART 7. MARKET BREAKDOWN BY DISPLAY SIZE

Less than 5 inches
5-10 inches
Greater than 10 inches

PART 8. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 9. KEY COMPANIES

Astronautics Corporation of America

Barco NV

Elbit Systems Ltd.

Esterline Technologies Corporation

Garmin Ltd.

Honeywell International Inc.

Leonardo S.p.A.

Raytheon Technologies Corporation

Safran SA

Thales S.A.
