Abstracts

The global antimicrobial plastics market size is projected to grow by USD 17.0 billion from 2022 to 2028, registering a CAGR of 7.6 percent, according to a new report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global antimicrobial plastics market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the antimicrobial plastics industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, end user, and region. The global market for antimicrobial plastics can be segmented by product: commodity plastics, engineering plastics, high-performance plastics. Antimicrobial plastics market is further segmented by end user: automotive and transportation, building and construction, consumer goods, medical and healthcare, packaging, others. Based on region, the antimicrobial plastics market is segmented into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By product:

commodity plastics

engineering plastics

high-performance plastics

By end user:

automotive and transportation

building and construction

consumer goods

medical and healthcare

packaging

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The commodity plastics market is further segmented into polyethylene (PE), polyethylene terephthalate (PET), polypropylene (PP), polystyrene (PS), polyurethane (PU), polyvinyl chloride (PVC), others. Gen Consulting Company research indicates that the PE segment occupied the largest share of this market in 2021 and is expected to draw the highest demand in coming years. Furthermore, the engineering plastics market has been categorized into acrylonitrile butadiene styrene (ABS), polyamide (PA), polycarbonate (PC), polyoxymethylene (POM), others. Globally, the PC segment made up the largest share of the antimicrobial plastics market.

The report explores the recent developments and profiles of key vendors in the Global Antimicrobial Plastics Market, including Americhem, Inc., Avient Corporation, BASF SE, Biocote Limited, DuPont de Nemours, Inc., Foster Corporation, King Plastic Corporation, Lonza Group AG, Microban International, Ltd. (W.M. Barr & Company,

Inc.), Milliken & Company, Parx Materials N.V., Porex Corporation, Ray Products Inc., RTP Company, Sanitized AG, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global antimicrobial plastics market.

To classify and forecast the global antimicrobial plastics market based on product, end user, region.

To identify drivers and challenges for the global antimicrobial plastics market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global antimicrobial plastics market.

To identify and analyze the profile of leading players operating in the global antimicrobial plastics market.

Why Choose This Report

Gain a reliable outlook of the global antimicrobial plastics market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Commodity plastics
Engineering plastics
High-performance plastics

PART 6. MARKET BREAKDOWN BY END USER

Automotive and transportation
Building and construction
Consumer goods
Medical and healthcare
Packaging
Others

PART 7. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 8. KEY COMPANIES

Americhem, Inc.
Avient Corporation
BASF SE
Biocote Limited
DuPont de Nemours, Inc.
Foster Corporation
King Plastic Corporation
Lonza Group AG
Microban International, Ltd. (W.M. Barr & Company, Inc.)
Milliken & Company
Parx Materials N.V.
Porex Corporation
Ray Products Inc.
RTP Company
Sanitized AG
