## Abstracts

The amount of drug usage is increasing around the globe, and with it grows the number of illicit drug use and drug-abuse-related deaths. Drug abuse is the catalyst for many major social problems, including drugged driving, violence, stress, and child abuse, and it can further lead to homelessness, crime, and joblessness. Drug abuse around the world is on the rise and there is a demand for robust drug detection and monitoring solutions globally. According to latest analysis by Gen Consulting Company, the global at-home drug of abuse testing market is poised to grow by USD 221.8 million during 2023-2029, progressing at a CAGR of 6.7% during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global at-home drug of abuse testing market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, sample type, and region. The global market for at-home drug of abuse testing can be segmented by product: test cups, test strips, others. Globally, the test cups segment made up the largest share of the at-home drug of abuse testing market. At-home drug of abuse testing market is further segmented by sample type: blood, oral fluid/saliva, urine, others. The urine segment captured the largest share of the market in 2022. Based on region, the at-home drug of abuse testing market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. According to the research, North America had the largest share in the global at-home drug of abuse testing market.

## Market Segmentation

By product: test cups, test strips, others

By sample type: blood, oral fluid/saliva, urine, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global at-home drug of abuse testing market report offers detailed information on several market vendors, including Abbott Laboratories, Alfa Scientific Designs, Inc., American Screening Corporation, Inc., Assure Tech. (Hangzhou) Co., Ltd., Confirm Biosciences, Inc., Diagnox LLC, Dragerwerk AG & Co. KGaA, Orient New Life Medical Co., Ltd., Phamatech Inc., Princeton Biomeditech Corporation, Psychemedics Corporation, UCP Biosciences Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

## Scope of the Report

To analyze and forecast the market size of the global at-home drug of abuse testing market.

To classify and forecast the global at-home drug of abuse testing market based on product, sample type, region.

To identify drivers and challenges for the global at-home drug of abuse testing market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global at-home drug of abuse testing market.

To identify and analyze the profile of leading players operating in the global at-home drug of abuse testing market.

## Why Choose This Report

Gain a reliable outlook of the global at-home drug of abuse testing market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restraints

### **PART 5. MARKET BREAKDOWN BY PRODUCT**

Test cups  
Test strips  
Others

### **PART 6. MARKET BREAKDOWN BY SAMPLE TYPE**

Blood  
Oral fluid/saliva  
Urine  
Others

### **PART 7. MARKET BREAKDOWN BY REGION**

North America  
Europe  
Asia-Pacific

MEA (Middle East and Africa)  
Latin America

## **PART 8. KEY COMPANIES**

Abbott Laboratories

Alfa Scientific Designs, Inc.

American Screening Corporation, Inc.

Assure Tech. (Hangzhou) Co., Ltd.

Confirm Biosciences, Inc.

Diagnox LLC

Dragerwerk AG & Co. KGaA

Orient New Life Medical Co., Ltd.

Phamatech Inc.

Princeton Biomeditech Corporation

Psychemedics Corporation

UCP Biosciences Inc.
