Abstracts

Automotive interior materials refer to the materials used for the interior components of a car, including the seats, door panels, dashboard, and headliner. These materials serve functional and aesthetic purposes, providing comfort, safety, and style. The global automotive interior materials market is projected to rise by USD 23.7 billion by 2029, according to the latest market study results. It is anticipated to expand at a CAGR of 7.51 percent during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global automotive interior materials market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, vehicle type, application, and region. The global market for automotive interior materials can be segmented by product: leather, composites, plastics, metals, fabrics. The plastics segment held the largest revenue share in 2022. Automotive interior materials market is further segmented by vehicle type: passenger car, light commercial vehicles, heavy commercial vehicles. Among these, the passenger car segment was accounted for the highest revenue generator in 2022. Based on application, the automotive interior materials market is segmented into: dashboards, seats, airbags & seat belts, door panels & trims, carpet & headliners, others. The dashboards segment captured the largest share of the market in 2022. On the basis of region, the automotive interior materials market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. According to the research, Asia-Pacific had the largest share in the global automotive interior materials market.

Market Segmentation

By product: leather, composites, plastics, metals, fabrics

By vehicle type: passenger car, light commercial vehicles, heavy commercial vehicles

By application: dashboards, seats, airbags & seat belts, door panels & trims, carpet & headliners, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report has also analysed the competitive landscape of the global automotive interior materials market with some of the key players being Continental AG, DR?XLMAIER Group, Faurecia SE, Grupo Antolin-Pga SA, LEAR Corporation, Sage Automotive Interiors, Inc., Toyoda Gosei Co., Ltd., Yanfeng Automotive Interior Systems Co., Ltd., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global automotive interior materials market.

To classify and forecast the global automotive interior materials market based on product, vehicle type, application, region.

To identify drivers and challenges for the global automotive interior materials market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global automotive interior materials market.

To identify and analyze the profile of leading players operating in the global automotive interior materials market.

Why Choose This Report

Gain a reliable outlook of the global automotive interior materials market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Leather
Composites
Plastics
Metals
Fabrics

PART 6. MARKET BREAKDOWN BY VEHICLE TYPE

Passenger car
Light commercial vehicles
Heavy commercial vehicles

PART 7. MARKET BREAKDOWN BY APPLICATION

Dashboards
Seats

Airbags & seat belts
Door panels & trims
Carpet & headliners
Others

PART 8. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 9. KEY COMPANIES

Continental AG
DR?XLMAIER Group
Faurecia SE
Grupo Antolin-Pga SA
LEAR Corporation
Sage Automotive Interiors, Inc.
Toyoda Gosei Co., Ltd.
Yanfeng Automotive Interior Systems Co., Ltd.

DISCLAIMER

I would like to order

Product name: Global Automotive Interior Materials Market 2023-2029

Product link: <https://marketpublishers.com/r/G7BAFD6E53EN.html>

Price: US\$ 2,250.00 (Single User License / Electronic Delivery)
