Abstracts

A bone and joint health ingredient is a dietary supplement or food ingredient that is specifically formulated to promote the health of bones and joints. These ingredients are typically rich in nutrients such as calcium, vitamin D, glucosamine, and chondroitin, which are essential for maintaining healthy bones and joints. The global bone and joint health ingredient market is likely to register a CAGR of over 5.03% with an incremental growth of USD 233.0 million during the forecast period 2023-2029. Bone and joint health ingredients are commonly used by people who are at risk of osteoporosis, arthritis, or other conditions that affect bone and joint health. They are also used by athletes and fitness enthusiasts who want to maintain healthy bones and joints and prevent injuries. Bone and joint health ingredients are commonly used by people who are at risk of osteoporosis, arthritis, or other conditions that affect bone and joint health. They are also used by athletes and fitness enthusiasts who want to maintain healthy bones and joints and prevent injuries.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global bone and joint health ingredient market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the type, guidance, end user, and region. The global market for bone and joint health ingredient can be segmented by type: needle biopsy, open biopsy. The needle biopsy segment was the largest contributor to the global bone and joint health ingredient market in 2022. Bone and joint health ingredient market is further

segmented by guidance: MRI-guided, CT-guided. According to the research, the CT-guided segment had the largest share in the global bone and joint health ingredient market. Based on end user, the bone and joint health ingredient market is segmented into: hospitals and clinics, surgical centers, others. The hospitals and clinics segment held the largest revenue share in 2022. On the basis of region, the bone and joint health ingredient market also can be divided into: North America, Europe, Asia-Pacific, Rest of the World (RoW). Globally, North America made up the largest share of the bone and joint health ingredient market.

Market Segmentation

By type: needle biopsy, open biopsy

By guidance: MRI-guided, CT-guided

By end user: hospitals and clinics, surgical centers, others

By region: North America, Europe, Asia-Pacific, Rest of the World (RoW)

The report also provides analysis of the key companies of the industry and their detailed company profiles including Argon Medical Devices, Inc., Cardinal Health, Inc., Stryker Corporation, Becton, Dickinson & Company, B. Braun Melsungen AG, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global bone and joint health ingredient market.

To classify and forecast the global bone and joint health ingredient market based on type, guidance, end user, region.

To identify drivers and challenges for the global bone and joint health ingredient market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global bone and joint health ingredient market.

To identify and analyze the profile of leading players operating in the global bone and joint health ingredient market.

Why Choose This Report

Gain a reliable outlook of the global bone and joint health ingredient market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.
Strategy consulting and research support for three months.
Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY TYPE

Needle biopsy
Open biopsy

PART 6. MARKET BREAKDOWN BY GUIDANCE

MRI-guided
CT-guided

PART 7. MARKET BREAKDOWN BY END USER

Hospitals and clinics
Surgical centers
Others

PART 8. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

Rest of the World (RoW)

PART 9. KEY COMPANIES

Argon Medical Devices, Inc.

Cardinal Health, Inc.

Stryker Corporation

Becton, Dickinson & Company

B. Braun Melsungen AG
