Abstracts

Carbon foam is an interconnected network of carbon sheets containing uniformly dispersed macropores. The breakthrough material is strong but lightweight, non-flammable and able to maintain its performance at high temperatures, and capable of absorbing sound and radiation. It is an excellent material choice for acoustic absorbing applications in the shipbuilding, aerospace, and automotive industries. The global carbon foam market is likely to register a CAGR of over 7.7% with an incremental growth of USD 12.1 million during the forecast period 2023-2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global carbon foam market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, end user, and region. The global market for carbon foam can be segmented by product: graphitic carbon foams, non-graphitic carbon foams. The graphitic carbon foams segment is estimated to account for the largest share of the global carbon foam market. Carbon foam market is further segmented by end user: aerospace and defense, automotive, construction, electrical, industrial, others. The aerospace and defense segment held the largest revenue share in 2022. Based on region, the carbon foam market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Globally, North America made up the largest share of the carbon foam market.

Market Segmentation

By product: graphitic carbon foams, non-graphitic carbon foams

By end user: aerospace and defense, automotive, construction, electrical, industrial, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The market research report covers the analysis of key stake holders of the global carbon foam market. Some of the leading players profiled in the report include American Elements Corp., CFOAM LLC, Entegris, Inc. (Poco Graphite Holdings LLC), ERG Aerospace Corp., Koppers Inc., Ultramet Industries Inc., Xiamen Zopin New Material Limited, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global carbon foam market.

To classify and forecast the global carbon foam market based on product, end user, region.

To identify drivers and challenges for the global carbon foam market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global carbon foam market.

To identify and analyze the profile of leading players operating in the global carbon foam market.

Why Choose This Report

Gain a reliable outlook of the global carbon foam market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Graphitic carbon foams
Non-graphitic carbon foams

PART 6. MARKET BREAKDOWN BY END USER

Aerospace and defense
Automotive
Construction
Electrical
Industrial
Others

PART 7. MARKET BREAKDOWN BY REGION

North America
Europe

Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 8. KEY COMPANIES

American Elements Corp.
CFOAM LLC
Entegris, Inc. (Poco Graphite Holdings LLC)
ERG Aerospace Corp.
Koppers Inc.
Ultramet Industries Inc.
Xiamen Zopin New Material Limited
