Abstracts

The global cell separation market market is projected to rise by USD 3 billion by 2028, according to a new report by Gen Consulting Company. It is anticipated to expand at a CAGR of 7 percent during the forecast period.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global cell separation market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the cell separation industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technique, application, end user, and region. The global market for cell separation can be segmented by technique: centrifugation, filtration, surface marker. Cell separation market is further segmented by application: immunology research, neurology research, oncology research, stem cell research, tissue regeneration research, others. In 2021, the oncology research segment made up the largest share of revenue generated by the cell separation market. Based on end user, the cell separation market is segmented into: pharmaceutical & biotechnology companies, universities & academic institutions, others. Among these, the pharmaceutical & biotechnology companies segment was accounted for the highest revenue generator in 2021. On the basis of region, the cell separation market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW). North America captured the largest share of the market in 2021.

By technique:

centrifugation

filtration

surface marker

By application:

immunology research

neurology research

oncology research

stem cell research

tissue regeneration research

others

By end user:

pharmaceutical & biotechnology companies

universities & academic institutions

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report explores the recent developments and profiles of key vendors in the Global Cell Separation Market, including Becton, Dickinson and Company, Bio-Rad Laboratories, Inc., Corning Inc., Danaher Corp., Merck KGaA, Miltenyi Biotec Inc., STEMCELL Technologies Inc., Thermo Fisher Scientific Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global cell separation market.

To classify and forecast the global cell separation market based on technique, application, end user, region.

To identify drivers and challenges for the global cell separation market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global cell separation market.

To identify and analyze the profile of leading players operating in the global cell separation market.

Why Choose This Report

Gain a reliable outlook of the global cell separation market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY TECHNIQUE

Centrifugation
Filtration
Surface marker

PART 6. MARKET BREAKDOWN BY APPLICATION

Immunology research
Neurology research
Oncology research
Stem cell research
Tissue regeneration research
Others

PART 7. MARKET BREAKDOWN BY END USER

Pharmaceutical & biotechnology companies
Universities & academic institutions
Others

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 9. KEY COMPANIES

Becton, Dickinson and Company
Bio-Rad Laboratories, Inc.
Corning Inc.
Danaher Corp.
Merck KGaA
Miltenyi Biotec Inc.
STEMCELL Technologies Inc.
Thermo Fisher Scientific Inc.
