Abstracts

Cosplay costumes and wigs are outfits and hairpieces worn by people who engage in cosplay, which is a hobby or performance art in which individuals dress up and act as characters from popular culture, such as anime, video games, and comic books.

Cosplay costumes are often handmade or custom made to replicate the appearance of a specific character, and can range from simple outfits to elaborate, detailed costumes. They may include accessories such as props, weapons, and makeup to complete the look. Wigs are also an important component of cosplay, as they allow individuals to replicate the unique hairstyles and colors of their chosen characters. Cosplay wigs are typically made of synthetic hair and are available in a wide range of styles and colors. According to the latest data, the market size of the global cosplay costumes and wigs sector is expected to rise by USD 48.5 billion with a CAGR of 14.05% by the end of 2029.
